

Klaus Raem

Transitioning to Programming Languages with Purpose and Precision.

Greater Dublin

Summary

Multilingual Logistics Specialist | Linux & Network Administrator | Aspiring Web Developer.

A dedicated and versatile professional with extensive experience in logistics and IT. Skilled in handling undeliverable, manifests, and imports at DHL Express. Proficient in Linux and network administration with a keen interest in web development, currently enhancing skills in HTML, CSS, JavaScript and Python. Experienced with hardware assembly and maintenance. Fluent in English, German and Portuguese, with a proven ability to manage complex tasks and collaborate across teams.

Experience

DHL Express Ireland

Warehouse Clerk (Undeliverables, Imports)

August 2023 - Present (1 year)

In parallel with my current work, I set up an open-source search engine called SearxNG which you'll find at the address libresearch.site, using Docker on Debian and AWS, and I actively pursued continuous learning by taking advanced courses. Additionally, I also self-developed my website raem.me during this period.

Dublin, Condado de Dublin, Irlanda

Brasil Imperio

Founder and CEO

August 2021 - May 2023 (1 year 10 months)

During this period, as the founder of the company, I also managed the point-of-sale systems and created corporate email accounts using Zoho Workplace.

Sete Lagoas, Minas Gerais, Brazil

Hardeck Möbel GmbH & Co. KG

Picking and packing

January 2020 - January 2021 (1 year 1 month)

Parallel to this role I conducted various experiments ranging from tests on Virtual Machines to setting up a private video streaming service.

Bochum, North Rhine-Westphalia, Germany

Expertiv GmbH

Warehouse Associate

January 2018 - January 2021 (3 years 1 month)

Bochum, North Rhine-Westphalia, Germany

J.W. Zander GmbH & Co. KG Essen
Warehouse Associate
January 2019 - January 2020 (1 year 1 month)
Dortmund, Renânia do Norte-Vestfália, Alemanha

Freelancer IT manager PC Maintenance
IT Manager
January 2004 - January 2015 (11 years 1 month)
During this period, I worked as a freelancer fixing computers, installing software, setting up and maintaining networks, and conducting various experiments, such as how to reset a root password. It was a crucial time for acquiring skills.
Sete Lagoas, Minas Gerais, Brasil

Stock Informática
IT Manager
January 2003 - January 2004 (1 year 1 month)
At this role, my primary responsibilities were computer maintenance, software installation, network setup, and customer service. It was when I start learning Linux.
Sete Lagoas, Minas Gerais, Brasil
