Experience

Salesforce
Hardware Asset Management Analyst.
January 2025 - Present
Dublin, Ireland.

During the same period:
- Deployed multiple web projects, including an e-commerce website albadove.com, alongside other personal and open-source initiatives.
- Completed an Ethical Hacking course to deepen knowledge of cybersecurity principles and practices.
- Completed a *Introduction to Cybersecurity* from HarvardX (edX) to further expand foundational security skills.
- Currently enrolled in Ethical Hacker course by Cisco to learn the art of offensive security to uncover cyber threats and vulnerabilities before the cybercriminals do.

DHL Express Ireland
Warehouse Clerk (Undeliverables, Imports)
August 2023 – November 2024 (1,5 year)
Dublin, Ireland.
In Parallel to this role:
 • Deployed an open-source SearxNG metasearch engine at
 libresearch.site using Docker on Debian, hosted on AWS.
 • Actively engaged in continuous professional development through
 advanced technical courses.
 • Designed and developed a personal website, raem.me, showcasing
 projects and professional portfolio.

Brasil Imperio
Founder and CEO
August 2021 - May 2023 (1 year 10 months)
Sete Lagoas, Minas Gerais, Brazil
During this period:
 • As the founder of the company, I also administered point-of-sale
 (POS) systems and managed the setup and maintenance of corporate
 email accounts using Zoho Workplace.

Expertiv GmbH
Warehouse Associate
January 2018 - January 2021 (3 years 1 month)
Bochum, Germany
In Parallel to this role:
 • Conducted a range of technical experiments, including virtual machine
 testing and the deployment of a private video streaming service, to
 expand practical knowledge and hands-on experience with various
 systems and technologies.

Freelance IT Technician
January 2004 - January 2015 (11 years 1 month)
Sete Lagoas, Minas Gerais, Brasil
 • I provided freelance IT support services, including computer repair,
 software installation, and network setup and maintenance. I also
 conducted technical experiments such as root password recovery and
 system troubleshooting that significantly deepened my understanding of
 Linux-based systems. This was a pivotal phase for developing hands-on
 skills across a range of IT domains, with a strong focus on Linux.

Stock Informática
IT Professional – Support, Maintenance & Infrastructure
January 2003 - January 2004 (1 year 1 month)
Sete Lagoas, Minas Gerais, Brasil
- In this role, my core responsibilities included computer maintenance, software installation, network setup, and providing technical support to clients. This period also marked the beginning of my journey with Linux, where I started building foundational skills in system administration and open-source environments.
